

Take charge of your devices with the Parotec T36 cart.

Our charging cart is **both flexible and functional**, with all the features you need to simply and reliably charge, store and secure essential devices such as Chromebooks, laptops, tablets and iPads.

FLEXIBLE

Fit up to 36 different devices in a future-proof charging cart that adapts to changing needs.

FUNCTIONAL

Ergonomic design, easy access, quick setup and numbered slots keep everything simple.

FEATURE-RICH

Built-in cable management, advanced digital timer, secure locking system and more.

An EdTech charging solution for non-techy people.

The Parotec T36 cart puts the needs of teachers and students first, making it fast and simple for any district to keep essential EdTech investments charged, stored and secured.

The do-it-all charging, storage and security cart your fleet has been waiting for:

Flexible for varied devices: Capacity for up to 36 Chromebooks, laptops, tablets and iPads, including cases.

Cart dimensions:

26" w x 28" d x 45" h

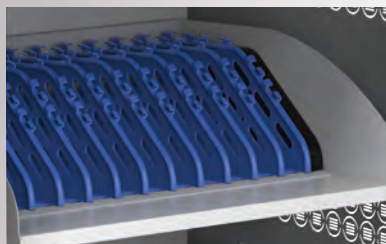

Weight: 192 lbs.

Device compatibility: Up to 15.6"

Power: 110V AC 60Hz

Highly secure: Use the integrated locking system or your own lock for device access. Easy access locking back panel secures power and cables.

Extreme user-friendliness: Easy slide-out trays with numbered slots make it easy to organize and store devices.

Ergonomic design: Recessed side handles, compact and lightweight to easily maneuver.

Made strong: Solid steel construction, ventilation for device protection, industrial-grade swivel and locking wheels.

FRONT

BACK

Standard AC Power Supply

Choose how you power up:

Select the power supply option that works best for your devices: Standard AC or USB-C.

Both options ensure power is concentrated to each tray so devices charge fast. The system includes overload protection and a digital display for power mode selection:

Always On
Timer Mode
Cycle Mode

USB-C Power Supply

Cables connect directly to each charging slot

Ready to take charge?

Parotec T36 carts ship fully assembled anywhere in the continental United States. Simply wire up yourself and go—or we can pre-wire your cart for an additional fee.

All carts come with a 3-year warranty and timely support from our U.S.-based customer service team.
